GIFTS AND HAMPERS

Meet the Founder

I’m Ruchita Shah, the founder of Beyond Basket – a gifting and hamper brand based in Ahmedabad, born from my love for creativity and my passion for turning thoughtful ideas into something truly special.

From corporate celebrations and weddings to birthdays, milestones, and those quiet moments when you simply want someone to know they matter, we create thoughtfully curated and personalised hampers, designed around the person, the occasion, and your story.

At Beyond Basket, we believe a gift should be more than a collection of things. It should tell a story. Every element is thoughtfully chosen, every detail is personalised, and every hamper is created to reflect the person it is meant for.

Whether it’s a single gift or a celebration for hundreds, we love being a part of your special moments – creating gifts that feel personal, meaningful, and made with love, and delivering a little piece of that handmade thoughtfulness straight to your doorstep.

Chosen by corporates to celebrate their most meaningful occasions
